Bladder Cancer Research Innovation Award

The Bladder Cancer Advocacy Network (BCAN) is now accepting letters of intent for the 2020 Bladder Cancer Research Innovation Award. Proposed research must have direct applicability and relevance to bladder cancer. Innovation, either conceptual or technological, is essential. The letter of intent deadline is January 15, 2020.

Urology Research Fellowship at the University of Miami

The Division of Andrology in the Department of Urology at the University of Miami is looking for an entrepreneurial MS3 to take a year off between MS3 and MS4 to serve as a Research Fellow/"Chief of Staff" to help translate promising research into therapeutics. The Fellow will work directly with Dr. Ranjith Ramasamy on all aspects of leadership, project management, and translational work. The application deadline is rolling until February 1, 2020 but prospective students should apply soon, as another candidate may apply before the deadline and be selected.

Conferences & Workshops

2020 Winter SUFU Meeting

The Society of Urodynamics, Female Pelvic Medicine and Urogenital Reconstruction (SUFU) Winter Meeting will be held on February 25-29, 2020 in Scottsdale, Arizona. Registration is now open and the full program is available online.

Register Now! Cincinnati Pediatric Urology Workshop

The Pediatric Urology Workshop of Cincinnati Children's Hospital Medical Center will be held on March 12-15,
The goal of the workshop is to provide an innovative educational forum for physicians from multiple disciplines and levels of training, who are involved in caring for children that present with complex conditions involving their genitourinary tract. Participants will be able to share knowledge, learn from each other, and continue to enhance our understanding of these conditions.

Funding Opportunities

Letters of Intent Due Next Week for Residency Research Awards

Urology Care Foundation Residency Research Awards provide support for motivated and exceptional urology residents to conduct mentored research projects that prepare them for careers that include urologic research. This program has been restructured for the 2020 competition to expand the eligibility requirements and reduce the funding amount to provide wider support for urology residents. Find out if you’re eligible today! The letter of intent deadline is December 12, 2019.

Now Accepting Applications for Summer Medical Student Fellowships!

The Urology Care Foundation offers a portfolio of mentored research training awards intended to recruit outstanding young investigators into urologic research and foster their career success. This fellowship program engages high-caliber medical students in summer research fellowships alongside world-class urologic scientists. Awardees receive $4,000 stipends to support them during a ten-week mentored research experience. The application deadline is January 9, 2020 by 5:00 p.m. Eastern time.

NCI Pathway to Independence Award for Outstanding Early Stage Postdoctoral Researchers (K99/R00)

This program is designed for postdoctoral fellows with research and/or clinical doctoral degrees who do not require an extended period of mentored research training beyond their doctoral degrees. The program will provide independent NCI research support during this transition to help awardees to launch competitive, independent research careers. Researchers in the scientific areas of data science and cancer control science are especially encouraged to apply. The application deadline is February 26, 2020.
